## Special Meeting July 31

The selectmen Monday evening set the date of July 31 for a special town meeting which will consider a number of matters including some dealing with the Raytheon Company's announcement that it will build in Andover.

The special town meeting will be held in Memorial Auditorium at 8 p.m.

The selectmen set up a schedule of events leading to the town meeting.

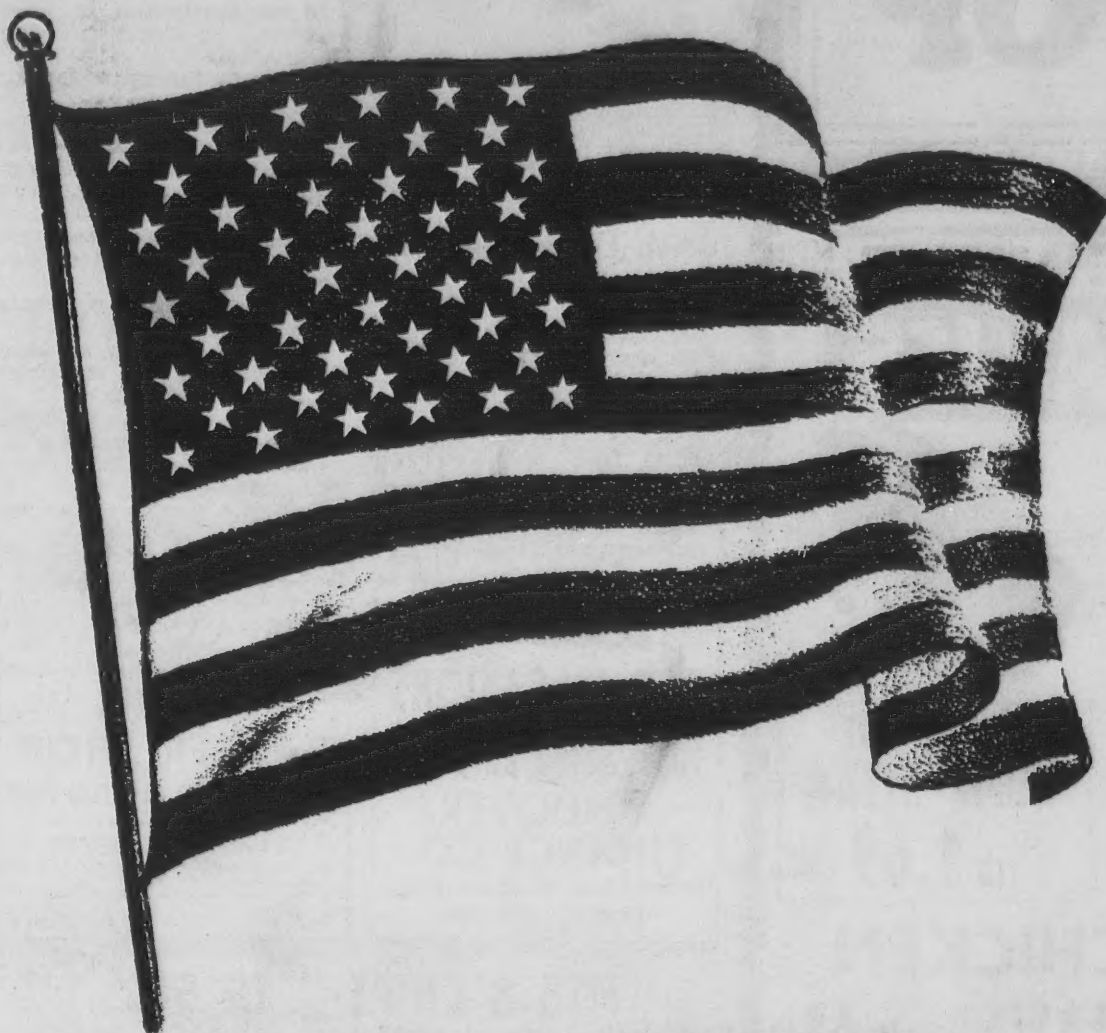

The first will be on July 12 when the warrant will be opened at noon and will be closed at 4 p.m. Between now and the date of the opening of the warrant, articles will be prepared for inclusion in the document. The Raytheon company will require a rezoning from residential to industrial for its proposed site.

On July 15, at 8 p.m., a hearing on the warrant will be held at Andover High School. This will give voters a chance to discuss the articles and have town officials explain them.

On July 16 the warrant will be advertised which is another legal requirement.

On July 19, the Andover News-

## Raytheon To Build In Town

The Raytheon Company Monday announced its intention to purchase 165 acres of land in Andover for construction of a manufacturing plant at some future date.

The land is located on the west side of Route 93 and is bounded by Route 133 and Osgood St.

Purchase of the land, Raytheon announced, is contingent upon the voters of Andover agreeing to rezone the area for manufacturing and also to provide sewer and water facilities.

The company said that survey work and some architectural drawings are contemplated at this time but that no firm date for the beginning of construction has been set.

Announcement of the plans was made by Andover Manager Joseph Glasser who called a meeting of the Andover selectmen and other officials.

Back in February, Raytheon announced that it was contemplating the purchase of land in Andover for a new plant. The site at that time was reported to be 100 acres between River and Chandler Roads owned by several persons.

The site announced Monday is in a residential zone and will have to

## American Field Service Bus Makes Andover Stop

Andover will host forty-one foreign students from twenty-eight different countries July 5-7. These students are one bus load of the 3000 other homeward bound American Field Service students who are concluding a year studying and living with an American family.

The AFS students who will come to Andover have all been living in Wisconsin this past year. They come from all parts of the globe including Japan, Afghanistan, Turkey, Uganda, France, Chile, etc.

Their end-of-year Bus Trip is intended to provide the AFS students with an opportunity to meet people from other areas of the United States and to see a variety of regions within the U.S. An estimated 100,000 Americans get to meet them during their six bus stops.

The American Field Service seeks to promote greater understanding among people by providing U.S. and overseas students with an opportunity for personal and educational involvement in another country for a school year or a summer. Each year approximately 4,300 AFS scholarships are provided.

Since its beginning in 1947, 25,000 students from 76 countries have come to the U.S. and over 13,000 U.S. students have lived in 47 countries.

This year Mrs. Walter E. Morris, Jr. is handling the arrangements for the bus stop.

Hosting the visiting students are: Mr. and Mrs. Leslie Bartow, Mr. and Mrs. William Beaulieu, Mr.

## High School Fieldhouse Bids Opened

Four bids for the erection of an athletic field house at Andover High School have been received by Town Manager Richard J. Bowen who has them under advisement.

Bids were received from the following general contractors: Raymond Mansour Andover, \$31,497; S&S Builders, Everett, \$32,570; Construction Designers, Lawrence, \$32,879; and John Speranza, Lynn, \$38,477.

Sub bids were opened a week ago. The appropriation for the field house is \$30,000. Since previous bids were much higher than this sum, they were rejected. It may be that at the special town meeting scheduled for July 31, an additional sum will be sought to insure erection of the field house.

## Town Offices Close Friday

Many town employees will share a long week end in connection with the Fourth of July on Thursday.

All town hall offices will be closed on Friday and Saturday as will the school department offices and Memorial Hall library.

## News Capsules

The Myopia Hunt Club is sponsoring the Joseph F. Poor Memorial Tournament for the benefit of the Northeast Chapter of the Massachusetts Heart Association, Sunday, July 7 at 3 p.m.

The committee for the 3rd Annual Joseph Poor Memorial Tournament will be chaired by Mrs. Joseph F. Poor of Wenham and she will be assisted by Mr. Peter S. Russell, Jr. of Beverly.

Followers of polo will be treated to an exciting afternoon as the Myopia Hunt Club seniors oppose the Club's Junior team.

Tickets are available from the Heart Office in Andover, or at the Gate.

## Miss Barbara A. Loomer Named To Welfare Post

Miss Barbara A. Loomer, 18 Osgood St., has been named as the town of Andover's representative on the Community Service Board which is being established by the department of public welfare in order to implement the reorganization law. The action was taken by the selectmen Monday evening at a special meeting.

The reorganization law became effective Monday, July 1. Under

its provisions the Commonwealth of Massachusetts takes over direct administration of the public welfare program.

Community Service Boards are being organized throughout the state. Members will represent local citizens of the area served by the board. The Law provides for one appointment from each city and town.

Organizational meetings of the Community Service Boards are being planned by Robert F. Ott, Commissioner of the Massachusetts Department of Public Welfare.

Miss Loomer was born in Andover, attended the Andover public schools, Abbot Academy and received an AB from Wheaton. She also attended summer school at Simmons College.

She taught school at Robinson Seminary, Exeter, N.H., and at Haverhill High School before entering Red Cross work. She was executive secretary in Andover, served in a number of capacities in Boston and is now executive director of the Greater Lawrence Chapter in Lawrence.

While in Boston, she was in

## Andover Woman Killed

An Andover woman was killed and her husband seriously injured shortly before midnight Saturday in an automobile accident in Newbury.

Mrs. Harold T. Traub, 39, 15 West Parish Drive, mother of four, died in the crash while her husband, aged 40, sustained broken ribs, back and internal injuries and is confined to Anna Jaques Hospital, Newburyport where all of the injured were taken.

Two other persons died in the accident. They were Mrs. Joan Schena, 16, of Haverhill and Mrs. Shirley Bochas, 39, of Lowell. Newbury Police Chief James E. Platt said the accident occurred at the junction of Hanover St. and Route 1.

Platt said his cruiser was stopped on Hanover Street when a car passed him and he heard a noise like a bottle or can being thrown from a car window. Platt stopped the car, but when he attempted to question the occu-

### Johnson Wins Mecklin Prize At Dartmouth

Allan G. Johnson, of Andover, a recent graduate of Dartmouth College, has been awarded Dartmouth's Mecklin Prize.

This award is given annually by the sociology department to the student majoring in that field who "has demonstrated to an outstanding degree the high intellectual standards of originality and vigor that characterized Professor Mecklin's academic career as Professor of Sociology at Dartmouth."

Johnson is the son of Mrs. Griswold Johnson of Andover, and Riverside, Calif., and Valdemar N.L. Johnson, of Calgary, Alberta, Canada. He is a 1964 graduate of Phillips Andover Academy.

At Dartmouth, he was active in the Thursday Poets, a poetry workshop, and in dorm football.

He plans a law career and will enter the University of Pennsylvania Law School in September.

## In Appreciation —

As we begin our eighth year at the Rose Glen Dairy Bar, we can point with pride to the High Quality standards we have maintained. We pledge to continue this policy which has been so well endorsed by ever-increasing patronage.

One of the significant achievements we look back on with great satisfaction is our providing employment for dozens of students, boys and girls, who are advancing their education. We have made it possible for them to earn over \$100,000 in the eight year period.

Thank you for patronizing the Rose Glen Dairy Bar . . . you have made this possible!

## The Glorious Fourth

Old Glory waves proudly from our front page today in tribute to July 4th, the day on which 192 years ago the Declaration of Independence was signed.

At a time when there is a devious spirit prevailing in the land, created in large part by the war in Vietnam, it is well to recall the pledge of allegiance "to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

On the eve of the fourth, it is also well to recall the annual reminders of being careful over the very long week end. Some of these yearly reminders go ignored with the result that otherwise happy individuals become statistics. Drive and act carefully and come back in one piece next Monday.

## It's Good News

The announcement Monday that the Raytheon Company plans a new manufacturing plant in Andover was indeed good news.

Other communities, especially Haverhill according to reports, had been attempting to attract the firm to build outside of this community.

Raytheon has been very guarded in its announcements on building plans. Some months ago the company said that it had taken an option on a possible building site but said nothing would be done in 1968.

With the latest announcement the firm points out that its decision to build will be up to the voters of Andover who must approve a change in zoning and must also spend money on new water and sewer lines as well as drainage.

The building also depends on the continuation of government contracts to keep the company busy.

Town officials are going forward with plans for a special town meeting at which the voters can decide on the steps which must be taken to insure a new Raytheon building.

It is likely they will give Raytheon every assistance needed.

## School Financing

In Andover, where new schools during the next half dozen years are scheduled to cost in the vicinity of \$5 million, it is interesting to read of an undertaking in New York which provides a school at no cost to the taxpayer.

The New York City Educational Construction Fund was created a couple of years ago by the legislature. It has acquired a school site and will build a facility for 250 pupils.

In order to pay for the bonds to build the new school, the air rights over the structure will be leased for the recreation of a luxury apartment complex. The apartments will pay for the funding of the school and after a period of 40 years the board of education will take over the school officially and the apartment owners will begin paying taxes.

Apartment complexes in suburbia, including Andover, are becoming more and more popular. It seems that those charged with providing new schools might look into some of these innovations.

Perhaps when a large corporation builds a new plant in town it could be arranged to have the first floor used as a school for a period of years in lieu of taxes.

It was only a short time ago that the Massachusetts Turnpike Authority announced that it was leasing air space over the highway for erection of a new building. Could be the smaller towns, where tall buildings do not exist, are overlooking a good thing in not selling air space.

## Memorial Hall Library

## New System

With a view to giving its patrons better and more efficient service, Memorial Hall Library has a new charging system. The new machines are Gaylord machines; they are quieter, less expensive, and more flexible. Re-registration is now taking place in both the Adult and Children's sections.

If you haven't re-registered already, why not drop down to the Library and do so? Your Memorial Hall Library membership card can be your personal Aladdin's Lamp. With the aid of books from the library you can climb to the top of Everest or drop to the bottom of the Atlantic. You can step upon the Galapagos, sail alone around the world, visit the Amazon, the Antarctic, Tibet and the Nile. You can learn how to do anything from cooking a beef stew to repairing a television set. With the aid of books from your public library you can explore the past, guess at the future, and make sense out of today. Certainly you can live without reading. But it's so limiting!

The really wonderful thing about books is the way they widen horizons on all fronts - even the emotional and the intellect. For instance, books can make you cry, giggle, love, hate, wonder, ponder and understand. Since books can do all these things for you, you owe it to yourself to obtain and use frequently a free library membership card. Memorial Hall Library

can be your "magic carpet" to be a richer, fuller life!

## Investments

If you're thinking about buying stocks or making investments of any kind, books at Memorial Hall Library give essential information to help you in forming a sound investment program, according to Library Director, A.J. Anderson.

Frequently requested at the moment is Morton Shulman's "Anyone Can Make a Million," which presents a step by step program for becoming rich in the stock market, and Ira Cobleigh's "Happiness Is a Stock That Doubles in a Year."

Other recent books on stock market investing include "How to Buy Stocks," by Louis Engel; "How to Select Rapid Growth Stocks," by Robert Peisner; "The New Stock Buying Guide," by Sam Shulsky; "Why and How to Invest in Common Stocks," by Edgar Smith and "Making Profits in the Stock Market," by Jacob Kamm.

Recent manuals which give generalized advice on various aspects of investing are John Hazard's "The Kiplinger Book on Investing for the Years Ahead," "Fortune's Guide to Personal Investing," Benjamin Graham's "The Intelligent Investor," Tyler Hick's "How to Build a Second-Income Fortune in Your Spare Time," and Lucien Marion's "Understanding Investment."

Investment in mutual funds is covered in "What About Mutual

Funds?" by John Straley and "The Money Managers: Professional Investment Through Mutual Funds," by the Investment Company Institute.

Suggestions for keeping abreast of investments through financial papers and columns is given in C. Norman Stabler's "How to Read the Financial News" and "How to Read and Understand Financial and Business News," by the editor of the N.Y. Times.

## Vanity Fair

The library has acquired a complete set of "Vanity Fair," which ran from 1913 to 1936. Many senior citizens will remember the magazine well, with its presentation of the brighter side of life, its reflection of the joy of living and much, too, of its more serious aspects, and it should bring back happy memories. Today, decades removed from the rise and fall of this great periodical, we see how closely "Vanity Fair" mirrored the times which it also influenced so strongly. Today, when our young scholars are only beginning to unravel the web of history surrounding the early years of this century, we see the value of having this periodical available in the library. Its pages touch on all that was of interest in the drama, the opera, music, the Fine Arts and in books, and pictures and records the manifold activities of the great outdoors. There are 45 bound volumes and all of them circulate.

What Our  
Readers Say-

To the Editor:

I will probably be called a bigot and a racist because of what I am about to write. However, it must be said and someone must have the courage to say it.

I would be among the first to admit that the gap between the American Dream and actuality is, indeed, great. Nevertheless, there has been substantial progress and its dimensions can be measured through comparison with other nations which have minority problems. It is precisely because I subscribe to the Dream, and because I love my country and the Town in which I chose to live, that I am willing to risk the possible contumely and vilification which may follow publication of this letter.

The newspapers reported, some days ago, that a small group of Andoverites advocates and will undertake to bring "Ghetto-ites and Black Businessmen" to Andover. No true American or true Christian would quarrel with this goal. He could, however, ask, "Are you really going to bring in 'Ghetto-ites' or will you merely transplant a portion of the Ghetto?" There is a substantial difference. I have lived in areas where the effort to do the former resulted only in the latter. Nobody benefited. Indeed, the results injured the civil rights movement rather than otherwise.

Andover would do well to make certain that any program adopted

would bring to Andover individuals who are prepared, not only to accept what Andover has to offer, but also to give of themselves to enrich the community. Anything less than this could alter, seriously, the character of the Town and act as a brake on the movement from the Ghetto to Suburbia. Other towns will be watching and we would be doing the civil rights movement a disservice if we feared to guide the influx of "Ghetto-ites" through channels of benefit to all. If the vast majority of citizens of Andover permits a tiny group of guilt-complex ridden residents to run roughshod over them with faulty or incomplete plans, they will have abdicated their responsibility to both the community and the Negro.

## Little League

The National League Champion Cardinals captured the 1968 Andover Little League Town Championship Sunday as they won the deciding game of a three-game playoff with the American League Champion White Sox by a 9-4 score.

The White Sox had won the first game 3-2 last week as Chuck Parisi hurled a 4-hitter. Tom Barenboim led the Sox at the plate with two hits in the game. Bill O'Reilly, Bill Gonya and Tom Duffy had doubles for the Cardinals.

The second game of the series went 11 innings before the Cardinals pulled out a 7-6 victory. Steve Galvin (Cards) and Steve Hillman (White Sox) pitched the first six innings and then with the score tied 6-6 they gave way to Tom Duffy and Mark LeBlanc with Duffy getting credit for the win. Over the eleven innings Galvin and Duffy, both 10 years old, held the White Sox to six hits. Bill Gonya drove in the winning run in the eleventh with a triple, his second hit. Jeff Towne had a double and two singles while Duffy had two hits also for the Cards.

Chuck Parisi had a double and a single for the White Sox.

Mike McCormick made an outstanding catch at second base for the Cardinals in the eleventh inning to help preserve the victory.

In the Championship Game Bill O'Reilly was the winning pitcher as he held the White Sox to six hits while his mates were collecting eleven.

The White Sox scored first in the initial inning but the Cardinals

evened the count in their half of the inning. Four runs in the third and four more in the fourth inning gave the Cardinals all the runs they needed. The White Sox tallied once in the fourth and twice in the fifth but could not overcome the big Cardinal lead.

Paul McIntyre led the Cardinal attack with three hits. O'Reilly, Bill Gonya and Tom Duffy each had two hits while Jeff Towne and Tom Bunnell also had timely hits for the Cards. Duffy also was a standout at third base defensively.

Peter Issenberg had two hits for the White Sox and Steve Hillman had a triple and a single for the Sox.

The Cardinals overall record for the season ended at 16 wins and 3 losses.

The 1968 Andover Little League has come to an end with the town championship playoff between the American and National Leagues. The Cardinals beat the White Sox 9-4 two games to one to win the Andover Major League Town championship.

The largest waves of the ocean,  
300 feet high, are far beneath  
the surface. They break against  
the Gulf Stream and other currents  
where there is a boundary between  
layers of dissimilar waters. Just  
as surface waves occur at the  
boundary between air and water.

#### Montessori School

The Merrimack Montessori School, 55 Saltonstall Rd., Haverhill, will begin its preschool program for the third year in September for children three, four, and five years of age. Children of all faiths may attend. This modern approach to learning will be integrated with the Montessori Methodology. Sister M. Josephina, C.S.J., D. Ed., will serve as major consultant and supervisor of the program.

Basic to the Montessori Method of learning is the theory that the ability of each child is developed through the meaningful sequence of a planned learning curriculum. This system recognizes the preschool years as most important in developing the potential and application of the child in later learning experiences.

Further information may be obtained from the school.

#### CRAZY AS A LOON?

The common loon, a fish-eating diving bird, lives in a hidden northern lake during the summer; but in winter it moves out into the ocean, where it takes the cold and savage seas in stride. The voice of the loon, heard only in summer, is a loud, crazy laughing call responsible for the saying "crazy as a loon."

Almost everyone loves to swim. And even if you don't actually swim, you like to sit on the beach, or by a pool. But just being near water, let alone going in for a refreshing dip, can make your hair look like you were caught in the eye of a hurricane. The sun dries it, the humidity makes it straight or frizzy, the water ruins your set for good. But thanks to modern hairdressing and cosmetology, there are ways you can stay in the water as long as you like and still go to a party that night looking marvelous. How? With hairpieces, of course! They're the most effective way to dress up a dripping do! And they won't drown your budget! Protect your hair this summer by having it conditioned periodically. Come to CAPILO HAIR STYLISTS, 2 Riverine Rd., Shawshen-Andover. Tel. 475-1639. Coloring... Cutti g... Styling... Permanents... Hairpieces and More. Open Daily 9-6. Fri. 9-8.

### Try Columbia Auto For Your Seat Covers

If you are in the market for a new convertible top, boat covers, awnings, or interiors for your car, visit Columbia Auto Seat Covers at 165-167 South Broadway in Lawrence. Owned and operated by the Messina family since 1937, Columbia Auto Seat Covers is a complete auto cover and interior shop, featuring the largest stock of auto cover fabrics in New England.

The specialists at Columbia, with the help of their modern electric equipment, can process any car without difficulty. You will receive a factory guarantee that any work done by them is as good as the original. Their staff of

custom experts will show you a large selection of choice fabrics in various finishes and colors, so you are sure to find one to suit your needs. They will be glad to advise you on any work and give you an estimate.

Columbia carries a complete line of auto accessories such as mats, seat pads, monograms and seat belts. Therefore, they can do the complete job of modernizing and rejuvenating shabby auto interiors; your car will be newer and cleaner inside for your vacation and summer driving.

In addition to being the oldest auto seat covering firm in the Merrimack Valley, Columbia Auto

Seat Covers makes boat covers and the finest canvas awnings for both residential and commercial needs. They can install awnings on patios, carports, windows or doors. Just give them a call and they will be happy to show you their complete line of fabrics for this purpose. Work is done promptly and satisfaction is guaranteed. You will be surprised how the installation of awnings can lower the temperature inside your home or shop by cutting out the sun's glare and heat.

For further information on any of these services, visit Columbia Auto Seat Covers or phone them at 683-2205.

be rezoned in order to establish the manufacturing plant there.

Prior to the annual town meeting in March, Raytheon warned Andover voters to be cautious in making appropriations predicated on the building of a new plant in Andover. However, the town meeting authorized an appropriation for installing sewer and water lines in the event the firm did build here.

Town Manager Richard J. Bowen and Rep. Paul Cronin of Andover have been working to hold Raytheon in Andover. There were reports a couple of weeks ago that Haverhill was making a strong bid to have the plant erected in that city.

In its announcement Monday, Raytheon said the construction "is contingent upon the funding schedule on government contracts and our assessment of the projected work load at the Andover plant."

Chairman Philip K. Allen of the board of selectmen said Monday that a special town meeting would be called for July 31 to consider the rezoning request. The matter of water and sewer installations will probably come up at the same time.

The town is expected to install a 24-inch water main to the site and put in a sewer line on Dascomb Rd. or Lowell St.

Rep. Cronin said that the firm plans to run its roof drainage into Haggetts which will increase the water level there.

The construction of the new manufacturing plant will be in three phases. The first will be construction of a three-story office building and a manufacturing building. Second and third phases call for erection of two additional manufacturing plants.

The company plans to keep ownership of its Shawshen plant. Town officials estimate that when completed, the new Raytheon company will return as much as \$600,000 a year in taxes.

## Beach Trip For Aging

The Andover Council on Aging announced that the beach trip scheduled for last week, cancelled because of rain, has been rescheduled.

Thursday, July 11, has been chosen for the trip, to be held rain or shine. Buses will leave Central School at 10 a.m. bound for Rye Beach and then Hampton, where the travellers will have lunch. It is necessary to make reservations again for the rescheduled trip with Mrs. Nichol in the Office of Veterans Services of the Town Hall.

In the event of rain, instead of stopping at the beaches, the group will go for a bus ride.

All citizens over the age of 60 are encouraged to join the group. Reservations are essential, however.

## Fires Caused By Storm

Monday night's spectacular storm caused a number of fires in Andover and damaged the fire alarm system.

Lightning struck the town hall and caused damage to the wiring in the police station. There was considerable damage done to a home on River Rd. Fires from bolts were also reported at 4 Strawberry Hill Rd., 61 Porter St., and 59 Salem St.

All of the fires were reported during the height of the storm. They occurred between 9:37 p.m. and 9:59 p.m.

Because of the number of fires caused by the storm, assistance
